Engineers power your business.

We Empower them to thrive

Choose to make a difference by supporting a cause your employees care about and bring big benefits to your business.

Not only will your staff be more engaged, motivated and productive, but you can also attract new customers by promoting social value in your supply chain. With MJ Quinn being a significant operator in the engineering sector, employing over 1,500 people, Foothold could be your perfect charity collaborator.

Why Foothold?

For 130 years, we've provided life-changing support for engineers and their families to ensure they never have to face life's challenges alone. We're here to help them improve their financial, mental and physical wellbeing, by supporting them through financial hardship, mental health crises, illness and disability, and struggles with neurodiversity.

Here's how we made a difference in 2022-23:

£2.2m
funding spent

2,432 services
provided

1,589 people
supported

53 countries
reached

How you can help

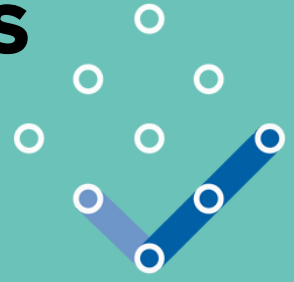

By pledging a suggested minimum annual donation of £1,500 (based on a company with 30 employees, at £50 contribution per employee). Foothold can support you in communicating with staff how you've pledged and donated an amount on their behalf.

As a Company Supporter, you'll help us improve the wellbeing of engineers and their families – whilst also unlocking exclusive Foothold benefits to boost your employees' wellbeing too. You'll have access to expert online wellbeing support for your staff – including our dedicated Wellbeing Hub and monthly webinars.

Support your business by supporting your community. Become a Foothold Company Supporter today!

THE BENEFITS FOR YOUR BUSINESS

Just like the support we offer, we don't take a 'one size fits all' approach to our collaborations. We'll work with you to build a collaboration that meets your unique business needs, whilst ensuring you can make the biggest possible difference for our community. Here are some examples of the benefits we could provide for you:

Bespoke webinar

An individual webinar hosted by a wellbeing expert and tailored specifically for your employees. The webinar could explore a topic such as nutrition, fitness, stress, sleep, mental health and more.

Wellbeing support

Access to our online support including our Wellbeing Hub, which has specialist information and guidance. We can work with you to create additional bespoke wellbeing tools and resources, to meet your employees' needs.

Neurodiversity support

Our Differently Wired Hub offers free 24/7 information, support and guidance on common neurodiverse conditions. We can provide your staff with grants for a fast-tracked diagnosis of a neurodiverse condition.

Increased exposure

We'll promote our collaboration on our website and social media channels. You'll have access to our logo for the year and we'll also share an asset pack with further resources to help you in your own promotional activities.

Fundraising challenges

You will have priority registration for a range of fundraising events including the Brighton Marathon, Hackney Half Marathon and the London Landmarks Half Marathon, which your teams can take part in to raise vital funds to support our life-changing work.

Volunteering

Stay up-to-date with our volunteer opportunities and support, including our peer-to-peer network of engineering mentors. We can also design team-building activities aligned to your ESG objectives, and help you grow your industry network.
